INDIANA

Indianapolis Marriott East, 7202 E 21st Street, Indianapolis, IN

ATTENDEE REGISTRATION \$48*
(\$58 day of Event)
[Click here to Register.](#)

**Registration fee includes Lunch, Expo, Networking Reception and approved Continuing Education Sessions.*

9:30 EDUCATION TRACK 1

Attend one of three concurrent sessions featuring a Healthcare Panel (Owner's Perspective), High Performance Design Technical Presentation or High Performance Processes and Marketing and earn ACHE F2Fs, AIA LU/HSWs, GBCI CEs and PDHs

Track 1 - Healthcare Panel: Building the Hospital of Tomorrow: Rehabilitate, Renovate, Replace (Pending 1.5 ACHE F2Fs, 1.5 AIA LU/HSWs, 1.5 GBCI CEs)

With considerable Hospital renovations, expansions, and replacements occurring or planned, this panel will discuss how upcoming projects are addressing aging facilities, population growth, market demand, and the need to improve operational efficiencies. Addressing Indianapolis' healthcare systems, these Panelists will provide their perspective on their use of High Performance systems and their requirements for Sustainability and LEED certification as they talk about current and future projects.

AGENDA AT GLANCE

9:00 AM	Registration / Expo Opens
9:30 - 10:30 / 11:00 AM	Education Concurrent Tracks
10:30 - 11:30 AM	Trade Show, Networking
11:30 AM - 1:00 PM	Keynote Lunch
1:00 - 2:00 PM	Trade Show, Networking
2:00 - 3:00 PM	Education Concurrent Tracks
3:00 - 4:00 PM	Networking Happy Hour

EDUCATION TRACK SPONSOR

HIGH PERFORMANCE SPONSORS

Track 2 - Smart Technologies - Systems: LEED / LEED-Cities / PEER / WELL / SITES (Pending 1 AIA LU/HSWs, 1 GBCI CEs)

WELL, PEER, SITES are some of the newest Sustainability rating systems that have expanded beyond what LEED has done for the built environment. LEED v4.1 has recently been launched and LEED for Cities involves the entire Community. These panelists are experts in these new (and improved) Ratings Systems. They will share an "inside view" into the terrific Value these rating systems bring to all types of projects. They will show how these Rating Systems support and advance High-Performance Buildings as well as Campuses, Cities, etc.

Sumeta Sachdeva, LEED AP BD+C, WELL AP, Grumman/Butkus Associates

Jamie Statter, Vice President, USGBC

Hannah Fleck, Sustainability Engineer, Guidon Design (moderator)

Track 3 - Comprehensive Quality Management Systems - Ensuring High Quality of Care (Pending 1 ACHE F2Fs, 1 AIA LU/HSWs, 1 GBCI CEs)

This panel will present a framework for the development of a comprehensive, integrated quality management system. Participants will learn what a comprehensive quality management system is and elements necessary to develop and implement a successful quality management system.

Travis Lozier, VP of Performance Improvement, Community Health (moderator)

Sherron Rogers, VP and BD of Strategy and Operational Excellence, Eskenazi Health

Marlon Wardlow, VP Performance Development, Parkview Health

Joe Ferdelman, PE, HFDP, LEED AP BD+C, Healthcare Practice Leader, Heapy Engineering

Keynote Lunch Session: Thrive Indianapolis - Resiliency and Sustainability

(Pending 1 AIA LU/HSWs, 1 GBCI CEs)

Brad Beaubien, Administrator for Long-Range City Planning, City of Indianapolis

Janet McCabe, Professor of Practice at the Indiana University McKinney School of Law and Assistant Director for Policy and Implementation, Indiana University Environmental Resilience Institute

Jennifer Gunby, former Manager for the Kansas City Energy Project, current State and Local Advocacy Manager for the U.S. Green Building Council and a former city councilmember of Roeland Park Kansas

2:00 EDUCATION SESSIONS

Attend one of three concurrent sessions featuring a Higher Education Panel (Owner's Perspective), Smart Technologies or Process Improvement and earn ACHE F2Fs, AIA LU/HSWs, GBCI CEs and PDHs.

Track 1 - Higher Education Panel: The Value and Implementation of Sustainability (Pending 1 AIA LU/HSWs, 1 GBCI CEs)

Representing some of Indiana's finest Universities, these Panelists will provide their perspective on the use of High Performance systems and processes across their campuses. Design concepts such as energy efficient systems and requirements for Sustainability and LEED certification will be discussed as they talk about their upcoming projects.

Jessica Davis, MS, MPA, Director of Sustainability, IUPUI

Amanda Doenges, PE, CEM, LEED AP, Director of Engineering & Administration, Butler University

Max Driscoll, LEED AP BD+C, Assistant Director of Sustainability, Purdue University

Allison Mihalich, Senior Program Director-Office of Sustainability, University of Notre Dame

Dan Overbey, AIA, LEED AP (BD+C, ID+C, O+M), WELL AP,
Director of Sustainability, Browning Day Mullins Dierdorf (moderator)

Track 3 - (Re)-Positioning A/E/C Technical Experts: Engage the Brain to

With up to 70% of the buyer's journey done before your business development team even shows up, you must pitch perfectly at every opportunity to make the next cut. This Compressed selling time, mixed with the market's drive toward Commoditization, and the move toward Consensus decision making, and you're feeling the headwinds to future revenue and margin growth. How does Business Development and Marketing strategize with Designers as they are increasingly becoming the visible face of the firm? Sell the way buyers buy today - 7 out of 8 of the big training programs were developed before the internet, cell phone and personal computer. You can't use sales training programs developed decades ago and expect to win today.

Bryan Gray, CEO, Revenue Path Group

Heather Cox, CPSM, Director of Marketing and Client Relations at CE Solutions, Inc.
(moderator)

KEYNOTE LUNCH 11:30 AM - 1:00 PM

Keynote Lunch Session: Thrive Indianapolis - Resiliency and Sustainability

(Pending 1 AIA LU/HSWs, 1 GBCI CEs)

Representatives from Thrive Indianapolis and the IU Environmental Resiliency Institute, and the former Manager of the Kansas City Energy Project will discuss their perspectives on Sustainability, Resiliency and overall Quality of Life related to the Thrive Indianapolis initiative. A resilient Indianapolis is better able to anticipate, adapt, and flourish in the face of change and a sustainable Indianapolis provides equitable services and supports inclusive, healthy, and happy neighborhoods.

Track 1 - Healthcare Panel: Building the Hospital of Tomorrow: Rehabilitate, Renovate, Replace (Pending 1.5 ACHE F2Fs, 1.5 AIA LU/HSWs, 1.5 GBCI CEs)

Jon Gilmore, President, Tonn and Blank

James Mladucky, Vice President of Design & Construction, Indiana University Health

Scott Teffeteller, President, East Region Community Health Network (moderator)

To learn more about the panel, [click here](#).

Track 2 - Integrative Process: Energy Modeling, ARC Platform, Virtual Reality and Augmented Virtual Reality (Pending 1 AIA LU/HSWs, 1 GBCI CEs)

In a fast-paced and hands-on Seminar format, these Panelists will demonstrate several "new tools" designers and contractors are using today. They will discuss how these tools accelerate the adoption of High Performance systems and innovative methods for designing constructing and operating (managing) buildings. They will address questions such as "What synergies between building systems and building components can be realized through pre-design discussions?" as well as "What do Architects, Engineers and Contractors need to know about each other's parameters to enhance collaboration?"

Ryan Hoffman, PE, CEM, LEED AP BD+C, Operations Manager, Heapy Engineering

Lana Crouse, Director, USGBC

Josh Mory, Vice President of Architectural Development, Hendricks Commercial Properties

Joe Yount, Architect, Ratio Design (moderator)
