and approved Continuing Education Sessions.***

KEYNOTE LUNCHEON

The Digital Transformation of the Design and Construction Industry

New technologies are rapidly transforming all global industries. The Keynote Speaker will share highlights of his team's research on the digital transformation of design and construction and provide examples of innovative ways firms are applying these tools and practices to benefit all parties, particularly for healthcare facilities.

(Approved 1.5 AIA LU, GBCI LEED Specific BD+C)

Stephen Jones

Senior Director, Industry Insights Research
Dodge Data & Analytics (formerly McGraw Hill Construction)

AM EDUCATION TRACKS

Track A - Evidence Based Design and Evidence-Based Medicine

Regional Hospital Executives will discuss upcoming projects and how they are aligning Evidence-Based Design and Evidence-Based Medicine to design a more efficient and higher quality patient-centered healthcare delivery model.

(Approved 1.5 ACHE F2Fs, AIA LU/HSWs, GBCI CEs)

SHEILA CAHNMAN
**JUMPGARDEN
CONSULTING**

MIKE CASTOR
IU HEALTH

JEREMY FORTIER
