AM EDUCATION TRACKS

9:30 AM – 11:00 AM

TRACK 1:

Building the Hospital of Tomorrow: Rehabilitate, Renovate, or Replace (IHEN Session)

Earn 1.5 AIA Face-to-Face Credits, GBCI LEED Specific (BD+C, O+M, ID+C), Pending AIA LU/HSWs

In today's competitive marketplace, significant capital expenditure decisions can make or break a healthcare organization and the career of the executive(s) tasked with such decisions. No capital decision may be greater than the construction of a new facility or the substantial renovation of an existing one.

TRACK 2:

Not your Bosses' LEED – How LEED certification confirms Resiliency in ESG Goals

Pending AIA LU/HSW, PDH, GBCI CEs

LEED has been upgraded and revitalized to help companies address changing Resiliency and ESG metrics and goals. Now, and perhaps more than ever before, consumers demand transparency and responsibility from the brands they support. Many companies recognize the importance of developing healthy, sustainable spaces. LEED is a powerful tool that many businesses are using to meet ESG commitments and to attract consumers. By leveraging LEED, companies effectively communicate their values to the community, while also reducing energy costs and minimizing waste.

PM EDUCATION TRACKS

2:00 PM – 3:30 PM

TRACK 1:

Green Hospitals and Healthcare (IHEN Session)

Earn 1.5 ACHE Face-to-Face Credits, Pending AIA LU/HSWs, PDHs, GBCI CEs

Today, most industries in the United States are finding new ways of becoming more environmentally sustainable to cut costs and/or fulfill their corporate citizenship missions. Although hospitals and other healthcare organizations are conscious of these efforts, they face the unique challenges of round-the-clock operations, hazardous waste management, large-scale staffing and extreme energy consumption.

TRACK 2:

The “New Normal” Regarding Building Operations and the Impact of Flexible / Hybrid Work Arrangements

Pending AIA LU/HSW, PDH, GBCI CEs

Panelists will review data relative to the economic virtues of sustainability, resilience, and health/wellness related to the “new normal” of work. Hear about the latest research regarding the changing work environment and where work happens, and discover insights on how your company can make the necessary improvements to support the new hybrid work structure(s).
