# AGENDA

- 8:00 AM **REGISTRATION OPENS**
- 8:30 - 9:30 AM **KICKOFF BREAKFAST** with Inspirational Speaker  
Lessons from COP26: Opportunities & Challenges  
for the Worldwide Sustainable Energy Transition
- 9:30 - 10:30 AM **AM EDUCATION TRACKS** (2 CONCURRENT SESSIONS)  
**TRACK 1**  
Role of Land and Buildings on Carbon Emissions  
**TRACK 2** - Case Study: Championing a Culture  
of Energy Efficiency and Healthcare Performance
- 10:30 AM - 11:30 AM **EXHIBITORS / NETWORKING**
- 11:30 AM - 1:00 PM **KEYNOTE PRESENTATION / LUNCH**  
What's Next? Anticipate the Future and Drive Change
- 1:00 PM - 2:00 PM **EXHIBITORS / NETWORKING**
- 2:00 - 3:00 PM **PM EDUCATION TRACKS** (2 CONCURRENT SESSIONS)  
**TRACK 1** - onMain: Dayton's Imagination District  
Seeks to Build a Sustainable, Well, Resilient Community  
**TRACK 2** - Strategies for Corporate Decarbonization
- 3:00 PM - 4:00 PM **NETWORKING RECEPTION**  
Cocktails and hors d'oeuvres will be provided

# KICKOFF BREAKFAST

## Lessons from COP26: Opportunities & Challenges for the Worldwide Sustainable Energy Transition

*Approved for 1 AIA LU/HSW, PDH, GBC LEED Specific BD+C, O+M*

The UK hosted the 26th UN Climate Change Conference of the Parties (COP26) in late 2021, bringing together stakeholders across the globe to accelerate action. Scientific consensus indicates that to stabilize the climate and prevent the most catastrophic effects of climate change, we must reduce greenhouse gas (GHG) emissions to net-zero by or soon after 2050.

**COMMISSIONER  
JUDY DODGE  
MONTGOMERY COUNTY**

**ROBERT BRECHA, PhD  
UNIVERSITY OF DAYTON**

The pathways to achieve this target are steep and require energy and land-use system changes. Join Dr. Bob Brecha to learn about numerous pathways to net-zero, including energy efficiency opportunities to reduce fossil fuel consumption, new technologies to reduce point source carbon, and regenerative practices that sequester carbon and increase productivity.

# AM EDUCATION SESSIONS

## TRACK 1

### Role of Land and Buildings on Carbon Emissions

*Approved for 1 AIA LU/HSW, PDH, GBC LEED Specific BD+C, O+M, ID+C*

In this session, you'll discover how our abilities and actions have the power to change our relationship with land and natural systems to reduce our environmental impact.

**SUSAN JENNINGS**  
AGRARIA CENTER FOR  
REGENERATIVE PRACTICE

**MICHAEL GULICH**  
AIA, LEED AP, LFA  
PURDUE UNIVERSITY

## TRACK 2

### Case Study - Championing a Culture of Energy Efficiency and Healthcare Performance

*Approved for 1 AIA LU/HSW, PDH, GBC LEED Specific BD+C, O+M, ID+C*

Many organizations have set ambitious goals to significantly reduce their carbon footprint, but what does it take to get there?

# KEYNOTE PRESENTATION / LUNCH

## WHAT'S NEXT?

### Anticipate the Future and Drive Change

*Approved for 1.5 AIA LU/HSWs, PDHs, GBC LEED Specific BD+C, O+M, ID+C*

The infrastructure we build today should be built to last: It must stay relevant and inspire future generations for the next 50 years. In this keynote panel, forward-thinking professionals will share how they are charting a path to the future through good governance and smart design. Learn how thoughtful research, careful planning, and rigorous action can help drive real change in your organization and community. The City of Athens, Ohio will also share how the City passed the SOPEC Carbon Fee in 2018, which generates \$100K annually to support sustainability initiatives and is the first known of its type in the U.S.

# PM EDUCATION SESSIONS

## TRACK 1

### **onMain: Dayton's Imagination District Seeks to Build a Sustainable, Well, Resilient Community**

*Approved for 1 AIA LU/HSW, PDH, GBC LEED Specific BD+C, ID+C*

In 2017, Premier Health and the University of Dayton came together with community partners to transform the historic Montgomery County Fairgrounds into an innovation district and community hub called onMain: Dayton's Imagination District. The new district will create new economic, social, and community opportunities while honoring the historic importance of the site. Discover the potential impact of the project, and how sustainability and wellness have been integrated throughout the design process.

**BUDDY LaCHANCE**

## TRACK 2

### **Strategies for Corporate Decarbonization**

*Approved for 1 AIA LU/HSW, PDH, GBC LEED Specific BD+C, O+M*

Learn how Huntington Bank has prioritized carbon reduction to serve their mission to contribute to the economic strength of local communities and to "do the right thing" for customers, colleagues, shareholders, and communities. In this session, you will hear how Huntington Bank is working to overcome challenges and make incremental progress toward their long-term goals.
