Not Business as Usual - How Industry Commitments are Changing the Built Environment

Approved 1.5 AIA LU/HSWs, GBCI LEED Specific (BD+C, O+M) CEs, PDHs

Industry-led initiatives, including AIA 2030, MEP 2040, and SE 2050, have established ambitious pathways to reduce operational and embodied carbon and advance the goal of net-zero whole-life carbon buildings.

Representatives from organizations participating in these commitments will provide an overview of each framework, share lessons learned, and discuss strategies they are using to integrate carbon reduction goals into their projects and practices.
